

**PRATLEY PRICE LIST**

Code	Group	Product	Description	Price Incl VAT
	386705	Adhesive Marine Adhesive (SP003), 2x250ml	Marine Filler & Repair Kit	62,790
	386720	Adhesive Quickset White, 40ml	Is an high strength adhesive which sets quickly and adheres to most rigid materials like ceramics, stone, concrete, glass, fibre glass and metals.	5,390
	386730	Adhesive Steel Quickset(Epoxy), 40ml	Is a high performance adhesive, metal filler and mender. It is formulated to set hard and match the colour of most ferrous metals.	5,190
	386735	Tape Rubber Tape, Self-Fusing(0.5mmx19mmx1.6m)	Is "self-fusing". It fuses (amalgamates) to itself once wrapped and has 1001 uses.	7,990
	386740	Adhesive Pratlock Screw Lock GR 0-6, 50g	Typically for screws in the 0-6 mm size range. Prevents loosening due to vibration. Seals the thread and retards corrosion.	7,890
	386745	Adhesive Pratlock Nut Lock GR 6-10, 50g	Typically for M6-M10 nuts and bolts. Allows disassembly using standard tools.	7,990
	386750	Adhesive Pratlock Studlock GR 10-20, 50g	Typically for M10-M20 studs and bolts. Disassembly difficult without heat. Use on studs, bolts and threaded pipe fittings.	8,790
	386760	Adhesive Pratlock Studlock 10-20, 10g	Typically for M10-M20 studs and bolts. Disassembly difficult without heat. Use on studs, bolts and threaded pipe fittings.	2,390
	386770	Adhesive Flexiseal White, 400g	Is a top quality permanently flexible sealant with good adhesive properties	8,790
	386775	Adhesive Wonda Fix, 30ml	It's outstanding adhesive properties coupled with it's flexibility makes it a unique bonding and shock resistant repair system.	3,200
	386780	Adhesive Powda Bond, Repair Kit	Is an instant repair system which can be used either as a two part kit for filling gaps or a single adhesive for bonding.	9,000
	386785	Adhesive Special Performance Adhesive (SP001), 40ml	Is a Special Performance (SP) slow curing adhesive which is ultra resistant to immersion in water and chemicals. It even resists most strong acids (including battery acid.)	5,090

380001 Filter Pratley Clinofish (25kg Bag)

It is a direct substitute for fish pond filter media that scavenges toxic ammonia from pond water. It is a true 21st century filter medium with both ion exchange and superior mechanical filtration properties.

- ~It reduces fish mortality rates
- ~It dramatically improves pond water clarity
- ~It eliminates excess algae
- ~It is the ideal substrate for biological filters
- ~You do your part to help the environment
- ~It removes toxic heavy metals from the water
- ~It can be used over again

**49,290**

386795 Tape Rubber Band (34mmx3.2mmx1.6m)

High toughness with incredible strength and an immediate self fusing characteristic. Typical electric strength of 6.6 kV/mm.

- ~Tough, insulating and self-amalgamating tape
- ~Ideal for insulating busbars, transformer bushing/cable tail connectors, cable sheath cuts and cable ends
- ~It can also be used for sealing low pressure water pipes etc.
- ~Typical electric strength 6.6/KV/mm
- ~Packed in strong re-usable containers

**24,790**

386805 Adhesive Pratley 1-2-3 Dispenser 15ml

An easy three step bonding system which requires no mixing and will join almost anything including most plastics. (It is suited to well matching surfaces only and has no gap filling capabilities.)

- ~Tough Acrylic, 3rd generation adhesive
- ~Easy 3 step bonding system
- ~Excellent on aluminium and will join almost all well matched surfaces!
- ~Will bond on mild oily surfaces
- ~Note: Shelf life of between 1 and 3 years, depending on storage temperature peaks.

**6,990**

386810 Pratley Ezeebond Dispenser 20ml

A sophisticated, high performance, 3rd generation toughened acrylic adhesive. Being tough, it can withstand impact and is used in aerospace and defence applications. It is ideal for replacing spot welds and rivets with a line bond.

- ~Sophisticated, 3rd generation, ultra high performance adhesive
- ~Ideal for bonding reasonably well mating surfaces
- ~Can replace spot welds and rivets
- ~Exceptional adhesive on most rigid plastics, fibre glass and aluminium
- ~Can tolerate oily surfaces
- ~Can tolerate minor gap filling
- ~Exceptional thermal insulation.
- ~Energy saving "green" product.

**6,990**

386820 Pratliperl 10Kg

Pratliperl is a unique ultra lightweight and insulating material of volcanic origin. A deposit of which is found at only one location in South Africa and nowhere else. Unlike ordinary Perlite materials found throughout the world, Pratliperl is unique in that it is well suited for use with Cement.

- ~Ultra lightweight: reduces high rise structural building costs.
- ~Nailable.
- ~Completely fireproof.
- ~Durable.
- ~Good acoustic properties.
- ~Easy to apply.
- ~May be gunited when applied to large surfaces (e.g. mine tunnels).

**54,000**
